

AIR HEATERS

Fill in the form and send it to mail@boilte.com. An engineer will reply with a model selection, price and lead time.

EQUIPMENT PARAMETERS

Required capacity, kW *

Air flow, m³/h

Outlet air temperature, °C

Inlet air temperature, °C

Available air pressure, Pa

Heating scheme

☐ Direct heating ☐ Indirect heating (heat exchanger)

Purpose

☐ Grain drying ☐ Material drying ☐ Space heating ☐ Process air ☐ Other

Available fuel *

☐ Natural gas ☐ Diesel ☐ Heavy fuel oil ☐ Biofuel ☐ Process waste ☐ Electricity

Placement

☐ Existing boiler house ☐ Block-modular boiler house ☐ Outdoor installation ☐ To be defined

Operating mode

☐ One shift ☐ Two shifts ☐ Round the clock ☐ Seasonal

Scope of supply

☐ Burner ☐ Fan ☐ Air ducts ☐ Air filter ☐ Control cabinet ☐ Remote monitoring
